La vie 

An application for plants and agricultural supplies that allows users to purchase them. Each plant has a unique QR code that can be scanned to identify its species, learn about it, and discover how to care for it. The application also includes a social media feature that allows users to upload pictures of their plants and inquire about them.

- <https://github.com/Amira-Zahran/La-vie> 

Movies Theater 

An application for browsing currently available and upcoming movies to watch at the cinema. Users can also reserve tickets for their seats and make payments through the app using the PayMob payment gateway.

- <https://github.com/Amira-Zahran/Movie-Theater> 

Maryam 

A project for children is a group of activities divided into questions MCQ, puzzle, hotspot, choose from story, select word, video, audio, sort, vocab and draggable.

2022 Nov – 2022 Dec
